# CONTROLS

# ONCE UPON ANDALASIA

Giselle tells of a time in Andalasia when mischievous sprites took over the forest and cast a wicked spell on all of the friendly animals.

After Giselle rescues her chipmunk friend, Pip, they head out on a mission to save the rest of the forest animals of Andalasia and confront whomever is behind all this mischief!

While telling the story, Giselle imagines Prince Edward and his white horse, Destiny, having their own adventures. As it turns out, Prince Edward pursues a similar cause and valiantly chases down enemies of Andalasia to protect the young maidens of the forest.

# TUTORIAL

Need some help figuring out how to deal with the beasts of the forest, or just getting through Andalasia?

- If you get stuck doing an action for the first time, wait 10 seconds and you will receive a tip to help you through.
- You will only receive a hint if you wait to make a move.

# GENERAL GAMEPLAY

*Enchanted: Once Upon Andalasia* alternates between playing as Giselle and Edward. Sneak through the forest as Giselle, and defeat enemies as Edward.

- Exercise problem solving in Giselle's nine unique levels.
- Chase down monsters on horseback in Edward's three action-packed levels.

# GISELLE'S GAMEPLAY

Giselle uses her keen abilities to avoid conflict and get rid of her enemies. She's a good climber, and finds ways to elude her enemies without fighting.

-  Collect musical notes as you move through the forest. At first, Giselle is only able to carry 10 musical notes at once, but as she progresses through the game, she gets to carry more.

*Freeing all of the forest animals from their beast form in a single level awards five bouquets that can be used to unlock picture puzzles. These puzzles are available in the Extras menu.*

Pip can jump, double-jump and climb on walls and through small passages! He can flip switches, and even move heavy keys.

*Pip can help Giselle by attracting the attention of enemies.*

Usually Giselle's enemies won't bother attacking Pip since he's so small, but he can get their attention by calling them names. He won't be attacked, while Giselle sneaks past. It's good having a friend like Pip!

## Pip's Controls

+Control Pad 	Run left or right
+Control Pad 	Climb some walls
+Control Pad 	Look up

# GISELLE'S SONGS

Giselle's good deeds pay off! Animals she rescues teach her new songs that give her new special abilities.

Musical notes create powerful songs. Collect musical notes at every chance! Giselle can use her songs to transform fallen enemies back into friendly animals.

*Make Giselle sing a magical song to beckon a friendly animal!*

# GISELLE'S SPECIAL ABILITIES

As Giselle makes her way through Andalasia, she learns new tricks to get around her enemies and avoid getting hurt.

Once Giselle has unlocked her special abilities, she can activate them at any time by using the musical notes.

## *Slow Fall*

To fall without getting hurt, Giselle calls on little birds who hold the ends of her dress, letting her float down through the air, touching softly down on the ground.

## *Porcupine*

Giselle is able to summon a porcupine to sit between her and her enemies, protecting her from their harm. When an enemy steps on the porcupine, it raises its sharp quills and knocks the monster out.

*Giselle won't be hurt by her porcupine friend, but she still needs to watch out for evil porcupines.*

### *Advanced Wall Climbing*

Giselle learns to climb like a lizard! A gecko she frees teaches her how to climb with the best of them. Rough walls are easiest to climb!

### *Digging Through Walls*

Giselle learns a song she can use to call a friendly stoat to dig a hole through a wall for her. Only certain rough walls can be dug through. A stoat can also dig through certain floor types.

### *Bouncy Platform*

Giselle can call her spider friend to spin a web that she can jump on like a trampoline! Thanks to her eight-legged buddy, Giselle is able to jump twice as high as usual using a bouncy platform!

## Attracting Enemies

Giselle frees a skunk who teaches her a song that attracts enemies. Giselle can use this song to trick her enemies into a trap.

# COLLECTIBLES

## Musical Notes

To sing songs and to use some of Giselle's special abilities, you must collect musical notes throughout the journey. The power meter decreases each time you use these abilities.

At first, Giselle can only carry enough musical notes to use one special ability at a time. Some animals she rescues give her the ability to carry more musical notes and use more than one power at a time.

*Collect musical notes to power-up songs.*

## *Butterfly Cloud*

Nothing can hurt Giselle when she makes contact with a butterfly cloud. Butterflies fly around Giselle, protecting her for 15 seconds.

## *Flower Bouquets*

Stop and smell the flowers! 100 flower bouquets are hidden throughout the world!

Finding four bouquets unlocks a picture puzzle that can be accessed from the Extras menu.

# EDWARD'S GAMEPLAY

Time Remaining

Distance to Enemy

Edward and his horse, Destiny, set out to rescue the kidnapped maidens of Andalasia. Edward treks through the forest, hunting down monsters on the run.

Edward must dodge the obstacles that monsters throw in his path. Hitting an obstacle slows Edward down, but if he can keep up with the kidnapping baddie, he can rescue the maiden.

Keep an eye on the timer. Going too slow or hitting too many obstacles will allow the monster to escape!

**R Button**

# ENEMIES

Mischievous enemies can be found throughout the forest. Some are smart, others are not-so-smart, but they're all after Giselle!

## Smart Ones

### *Goblin Guards*

Goblin guards are small, green, mean creatures who attack.

### *Troll Guards*

Troll guards are bigger and faster than goblin guards.

### *Goblin Berserker*

Goblin berserkers dislike trolls and will ignore Giselle if a troll is in sight. A goblin berserker may be easy to get past when there's a troll around, but he can cause some serious problems otherwise!

## Hungry Troll

Watch out for this big, mean troll. He's hefty and hungry!

Pip is no match for the hungry troll! This enemy cannot be distracted by Pip and will head straight for Giselle.

A honeycomb will get this hungry troll's attention! The hungry troll will stop anything he's doing to eat some honey.

*Giselle's song can turn a hungry troll back into an animal after he has eaten the honeycomb and fallen asleep.*

## Not-So-Smart Ones

### Bats

Bats fly around quickly, making them hard to dodge.

### Crows

Watch out! Crows swoop low to attack. Duck or jump!

## Evil Porcupines

Evil porcupines sit motionless until you get close. They don't look so friendly when they raise their quills and attack!

## LOCATIONS

### The Lush Andalasian Forest

The beautiful forest where Giselle lives.

### A Nearby Farmer's Village

The farmer's village is located in the Meadow of Joy.

## Andalasian Castle

Edward's castle is grand enough for a fairy tale princess.
